

NWA Lightning - Indoor Soccer - Winter Season

Futsal Leagues and Clinics - Now Forming – Winter 1 Starting November, 19.

The NWA Lightning Soccer Club offers the opportunity for players, coaches, and parents to continue to play, have fun, and improve their skills, during the Winter Season, by providing the NWA Lightning Futsal League and Soccer Clinics.

The league and team formation, and clinics are considered an extension, or supplemental part of our services and programs. Therefore, participation is not mandatory and at this time, they should not be considered as part of our Fall/Spring outdoor soccer season.

You all will find below a description of each program with specific information and tentative schedule.

Futsal League - Youth and Adult

All Teams must be formed and all paperwork with waiver and payments given to the assigned Coach and or Team Manager. Once all fees and applications completed, it can then be turned into office. The office may be able to help individual players without a team to be placed on a house team, no guarantees since it depends on the number of players needed to form a team.

Fee - \$375 per Team – Includes minimum of 8 games, qualified/trained referees

Number of players per team - Minimum 5, Maximum 8 per team, no exceptions

Futsal is played with 5 versus 5 including the Goalkeeper – Additional rules will be sent after teams have signed up.

Tentative Schedule – 1 game per week- some divisions may play occasionally 2 games a week.

Youth Division - Girls and Boys

- U8 thru U14
- High School Age Division – U15- U18

Adult Division

- Men's Over 35
- Men's Open
- Women's Over 35
- Women's Open
- Coed

What to bring: Teams provide their jerseys, or t - shirts as uniforms, (need to let League know team colors on registration form), tennis or indoor shoes, no cleats.

NWA Lightning - Indoor Soccer - Winter Season

Soccer Clinics

Ultimate Skills Training

These were one of our most popular winter program offered last year. This Clinic is designed for players U8-U14, Coed classes to teach and refine fast footwork, technical skills and the proper application of these skills under game situations. New this year - We will be introducing our **"Tech/Tact"** concept to help players (player's income skill level to be considered) make faster decisions on the game, by improving first touch and be more effective and efficient at game anticipation and situational tactical play.
